CAREER OBJECTIVE

As a passionate and detail-oriented Full stack Web Developer, I aim to leverage my expertise in modern web technologies, including HTML5, CSS3, JavaScript, Angular and React.js, to create intuitive and user-friendly web applications. My goal is to continuously improve user experience while staying up-to-date with the latest industry trends. I am seeking to contribute to a dynamic team where I can apply my skills to build responsive, accessible, and visually appealing websites, while growing professionally in a collaborative environment.

SKILLS

Frontend Technologies : HTML, CSS, JavaScript, Bootstrap, jQuery, React, Redux, Angular
Backend Technologies : Node.js, Express.js

Database Management : MongoDB
APIs : RESTful API Development, AJAX, API Integration

Dev Tools & IDEs : Visual Studio Code, Postman

Version Control : GitHub

EDUCATION

Gandhi Institute for Technology (GIFT), Bhubaneswar MCA (2021 - 2023)
Master of Computer Application with 8.2 cgpa.

HNS Mahavidyalaya, Chandol Graduation(2018 – 2021)
Graduation with 8.62 cgpa.

PROJECTS

Event Booking Application
This event booking application provides a seamless and intuitive platform for users to explore, book, and manage events such as concerts, conferences, workshops, and more. Built using the MERN stack, the app ensures a smooth user experience with robust backend operations.
Technologies Used : ReactJS, Node.js, Express.js & MongoDB

Weather App
The Weather App offers users real-time weather updates for any city or location, using JavaScript to fetch data from external weather APIs. The app is built to be intuitive and easy to use, providing essential weather details such as temperature, humidity, and conditions like rain or sunshine.
Technologies Used : HTML, CSS, JavaScript, Weather API

PROFESSIONAL TRAINING

Full Stack Web Developer with React Training - Naresh I Technologies, Hyderabad.
- Gained hands-on experience with MongoDB, Express.js, React.js, and Node.js
- Acquired skills in user authentication, RESTful API development, and responsive design.
